VOLUME XXV—NUMBER 42. BETHEL, MAINE, THURSDAY, FEBRUARY 26, 1920 Single Copies, 4 Cents—$1.50 PER YEAR IN ADVANCE

BETHEL INN

Miss V. W. Littlefield, Boston, Mass., is having a two weeks' rest at the Inn.

Miss M. E. Gallagher, Jamaica Plain, Mass., was at Bethel Inn over the holiday.

Miss R. N. Allen and Miss E. C. Hayes, teachers in Portland, are having a week's outing at Bethel Inn.

Mr. O. B. George, Jr., who is working for the Hood Rubber Co. of Watertown, Mass., spent the week end with his wife at the Inn.

On the 19th Mr. and Mrs. J. G. Hill and Mr. and Mrs. A. W. Thompson of Lowell, Mass., registered at the Inn for the week end.

Mr. and Mrs. C. A. Collins, Miss Anna Collins, Miss Helen Collins and Miss Beardsell of Lynn, Mass., have rooms in the Elms for a few days.

Mr. and Mrs. P. H. Houston and child and Mr. D. W. Brunel of Portland left for home Tuesday morning, after a very pleasant week end at the Inn.

Mr. and Mrs. G. N. Bankart of Newtonville, Mass., spent the week end at the Inn, returning home Tuesday morning. Mr. and Mrs. Bankart were at the Inn three years ago for a week's stay in February and found a number of the friends at Bethel this year, whom they met on their first visit.

Mr. William Brewster of Newport and Boston is spending a few days at the Inn. Mr. Brewster loves to roam over the country on snowshoes and starts each day about eleven o'clock, with a lunch in his pocket, getting back the latter part of the afternoon. As Mr. Brewster has been in Bethel a number of winters he knows the country well, there being few sections he has not visited within walking distance.

Messrs. John A. Curtin, H. G. Powing, F. S. Deland and Payson Dana of Brookline and Boston, spent the week end at Bethel Inn. They not only had a good time themselves, but their antics caused much amusement to the other guests. Mr. Curtin rode to the bottom of the toboggan chute standing up, without accident, and won the bet that it could not be done. All four had a race across the snow from the Elms to the Inn, where no path had been broken out this winter. It was most amusing as they went into the drifts to their waists, fell, rolled, got up and started again. This race was won by Payson Dana. Mr. Curtin was an excellent pianist and he entertained the guests on several occasions during his stay.

BRYANT'S POND

Owing to the illness of Miss Graves, one of the teachers in the primary school, that department has been closed this week.

Edwin H. Cole and wife of Copperville, N. H., were in town Monday calling on friends. Mr. Cole is foreman on the Copperville section of the Grand Trunk.

Another dramatic entertainment is in preparation to be conducted by members of the high school. This event will take place early in the spring. The title of the new play is, "Silas, the Chore Boy."

George Hudson was a visitor in Augusta last week, called there as a delegate to the American Legion Convention.

It is learned that Miss L. B. Treadwell, pastor at the Baptist church, will finish her labors with the society the first of April. Arrangements are being made to continue the meetings regularly until another pastor is secured.

Raeburn Hathaway is soliciting for the coming March issue of the Woodstock Chamber of Commerce Journal.

The town warrant issued Feb 21, contains fifty one articles, a very lengthy document.

Lumbering operations are quiet, owing to the burden of snow and crust in the woods. There is four feet on a level and many have taken their teams out of the woods for the present

It was expected that everything would open up again next Monday, but conditions have arisen which make it seem best to wait a week or two longer. Few families have escaped sickness of some sort. Fortunately the influenza did not develop into pneumonia as rapidly as it did last year, but the sickness has been more general and has left in its hand a general tired out feeling that seems hard to shake off. The deaths have been few compared with the number of people that were sick.

Lillian M. Howe, Ann A. Cawley, Alice O'Connor, Doris B. Crowell, Helen C. Burke, Margaret W. Newell and Marguerite H. Hollywood of Portland, Me., were holiday guests at Maple Inn.

In our items of last week we reported Mr. Ernest Bisbee as being called to So. Paris by the death of his mother. We are glad to say that this was an error. She has been sick but is now recovering.

We are sorry to disappoint our readers again this week. We have managed to get up four pages, mostly advertising, and ask you to read the ads and what local news we have and be patient with us for yet another week.

She leaves to mourn her loss a husband and two children, Edith Mae and Francesca, also her father and two sisters, Mrs. Carrie Logan and Mrs. Sara Saunders.

The funeral was held Tuesday at Songo Pond school house. Rev. Mr. Little spoke comforting words to the bereaved ones, and the flowers showed the esteem in which she was held. She was a loving wife and mother and will be missed by all who knew her.

NORTH WATERFORD

We had no mail again Friday as the stage did not come back until Saturday.

Mr. and Mrs. Alton Paine are moving into Mrs. Ernest Nason's house. George Bean is boarding with them.

Mrs. Sidney Hatch and four children are all sick with influenza, also Mr. and Mrs. Newell Andrews and four children.

Mrs. Holden Sawin has the influenza.

MRS. ELLA ELLIOTT

Death entered our village Thursday morning, February 19, when Mrs. Ella Elliott, widow of the late Geo. Elliott, entered the "Great Beyond." Since her husband passed away about a year ago she has lived with her only child, Mr. Wallace Elliott and family, where she was tenderly cared for to the end. Although a great sufferer, a part of the time, none could have been more patient. She was a member of Evergreen Rebekah lodge and George M. Knight W. R. C., and had a great interest in both.

Besides her son and wife and two grandchildren she leaves a sister, Mrs. Willis Kilgore of Andover, and one brother, Mr. Charles York, who lives near here.

The funeral was held Sunday with Rev. C. N. Ellopoulos officiating. There were many beautiful flowers which spoke more than words from her many friends. Burial was at Woodlawn

TRAINING OUR GIRLS

Imagine a teacher with a class of forty boys before him, of which number he knows that at least thirty are to be mechanics will not this fact modify his teaching to meet the demand of the majority for a knowledge of machinery? If so in such a position that the mother of daughters finds herself, she knows of a certainty that some or all of them will be engaged in some phase of home-making when adult life is reached, and should feel the importance of a recognition of this fact in her training. The mother who will take the time to acquaint herself with the principles of domestic science has with in her home an opportunity for preserving the practical as well as the theoretical side of household economics that can hardly be rivaled by any school in the land. Knowledge of this kind is indispensible to the growing girl, whatever else it may be desired to teach her.

In the running of the ordinary household, there is an enormous waste of time, energy and money and nothing like an adequate return for the outlay made. Teaching the girl some system of management and work that will prevent this is conferring a loan upon her, for which, in the busy days ahead when she has actually entered the arena of life and has no time for "lessons," she will arise up and call you blessed.

There is a saying that no person is fit to have things done for him until he can do them for himself, and although much of the actual work that your child is learning to do may never fall to her lot in life, yet a knowledge of it will fit her to command and teach those under her.

One of the first lessons a young wife has use for is the one pertaining to the disbursement of her husband's salary. Since about ninety percent of this must go for shelter, clothing, foodstuffs, etc., and in so going pass through her hands, it is extremely important that she be able to apportionate it intelligently

A knowledge of foodstuffs forms one of the chief courses in any system of domestic instruction. This question is a live one and full of deepest interest for the would be home-maker. It embraces a consideration of what kinds of food we need, why, how much, how it should be prepared, what it costs, etc. The average housewife does not require an extended acquaintance with the subject. She does need, however, a general knowledge of the elements required by the body, the foods which can supply these elements and the best ways of combining foodstuffs. A large proportion of human ills are directly traceable to the stomach, and intelligent care along this line might prove the best preventive.

Household economics includes, of course, many other subjects—sanitation, drainage, ventilation, furnishing, care of person, clothing, and so on, but such information can be obtained in an untechnical form, so that it may be understood and taught by the housewife with no previous scientific training

MRS. LESLIE D. BROWN

Mrs. Leslie D. Brown passed quietly away on the morning of February twenty-first at her home on the Lockes Mills Road. Mrs. Brown was stricken with the influenza on Tuesday but her weakened condition did not enable her to withstand the severe strain of the sickness. For many years she had been a patient sufferer with rheumatism, at times being confined to her bed.

Mrs. C. Lucilla Kimball Brown was born in Columbia, N. H., September 22, 1859, the youngest daughter of Edward W. and Marsilois J. Lucy Kimball. April 17, 1890 she married Mr. Leslie D. Brown and together they made their home in Berlin, N. H., until 1904, moving from there to Bethel, where they have since resided.

Although a member of the Methodist church and the W. C. T. U. her health did not permit her to enter into the activities of these organizations. Her home was her chief delight and she derived much enjoyment in doing the little things for her husband, son and family. Her bright smile and cheerful disposition was a source of pleasure to all those who came in contact with her.

She is survived by her husband, one son, Mr. Carl L. Brown, and four grandchildren, also one sister, Mrs. Mary E. Hapgood and one brother, Mr. W. H. Kimball, both of Stratford, N. H.

The funeral was held Monday, Rev. J. H. Little officiating, and the remains were placed in the tomb at Woodland cemetery.

MRS. SARAH H. GROVER

Mrs. Sarah Haskell Grover died at her home in Mason, Sunday afternoon, February fifteenth.

She was the wife of S. O. Grover who survives her. She is also survived by two sons, Almon R. Grover of West Gorham, Maine, and Eli A. Grover of Mason, with whom she lived; also by six grandchildren.

Mrs. Grover was the daughter of the late Elijah and Lydia Haskell Wheeler of Albany. She was one of a family of seven children, three of whom are still living, Mrs. Lydia D. Grover and Mrs. Mary Morrill, both of Bethel, and Mr. Lewis E. Wheeler of Townshend, Vt.

She was born in Albany, July 29, 1837. She became a member of the Free Baptist church at West Bethel when but eighteen years of age, and has remained a faithful christian all these years.

The funeral services were held at her home on Thursday afternoon at one thirty, the Rev. D. F. Faulkner of So. Paris, speaking words of comfort. Burial took place in the Mason church yard, in the town in which she has lived for thirty-five years, being the oldest inhabitant.

"Asleep in Jesus! Blessed sleep,
From which none ever wake to weep.
A calm and undisturbed repose,
Unbroken by the last of foes."

GUY W. DAVIS.

Mr. Guy W. Davis, son of Mr. and Mrs. Charles L. Davis, died at the home of Mr. and Mrs. E. H. Young on Main Street, Sunday evening, after a brief illness of influenza.

Mr. Davis was thirty-seven years old and had spent his whole life in Bethel, having been educated in the village schools and in Gould's Academy, from which he was graduated in the class of 1901. While in the Academy he showed a marked fondness for history, and probably few men, if any, in this community were better informed concerning current events, or possessed a wider and more accurate knowledge of the events of the world war than he.

He had been associated with his father in the trucking business for some fifteen years, and in this way was brought in contact with, and was well known to all our village people.

From his infancy he had made his home with his grandmother, the late Mrs. Lucas, and his aunt, Mrs. E. H. Young, both of whom gave him unstinted maternal affection, and to whom, in turn, he gave filial allegiance. Until stricken with disease himself he faithfully assisted in the care of Mr. and Mrs. Young, both of whom were ill, and his last thought, even after he became delirious, was for the welfare of those whose faithful care he had known and whose pleasant home he had shared for so many years.

ISAIAH M. COBURN

Mr. Isaiah M. Coburn died at his home on Paradise Road Tuesday night, February 17th, of dropsy, at the age of seventy-six years. Mr. Coburn had been sick for some time but only for the last few weeks had he been confined to his bed.

Mr. Coburn was one of the old residents of Bethel, having lived here for the past forty-eight years. As long as his health would permit he was a hard working, conscientious man. Of late years he has made his home with his son and family, whose untiring devotion have made his last years pleasant.

He is survived by three daughters, Mrs. Nora Godfroy of Virginia, Mrs. Nell Percy of Rumford and Mrs. Tena Dufrence of Boston, and one son, Howard L. Coburn of Bethel; also one brother, James, and several grandsons and granddaughters.

Prayers were held Friday afternoon and burial was at Woodland Cemetery.

BENNETT MORSE

Mr. Bennett Morse died at his home on Chapman Street Tuesday, February 24th. A more extended notice will be given next week.

TOWN MEETING ON MONDAY POSTPONED TWO WEEKS

Town meeting has been postponed for at least two weeks by a recent order of the Board of Health. It is hoped that by this time the Reports will be ready.

It was through no fault of the town officers that they are not ready as their copy was in and up in type before the flu struck us. We have tried to get help but our efforts have not resulted in getting anybody.

LIFE COULD LOSE ALL

Life could lose all but the spirit of love
And still be a wonderful living;
With joy in the stars that are twinkling above,
And gladness in doing and giving.
For love is the balance that measures the rest.
And the rule and the plan
By which from the throne of his dreams in the breast
Comes the infinite justice of Man.

Life could lose all but the joy to be free
In the love that it pours by the way
From its fountains of song and its rip ples of glee
Through the toil and the struggle of day.
For love is the healing that never turn sounds
The law and the rule and the right,
And always turns face into beautiful grounds,
And changes the darkness to light.

Life could lose all and be merry as morn,
With love still abiding in measure
For it is the holiest gift ever born
For the lessons of men to treasure
The noblest and sweetest of blessings we know,
And the solvent of all our sad troubles
For it is the lilt and the gleam and the glow
That turns them to rainbow bubbles.

Walter Emery's family are quite sick with influenza and mumps.

They couldn't be built now for twice $71,000

When the talk turns from politics to railroads, and the traveler with the cocksure air breaks in with, "There's an awful lot of 'water' in the railroads," here are some hard-pan facts to give him:

American railroads have cost $80,900 a mile—roadbed, structures, stations, yards, terminals, freight and passenger trains—everything from the great city terminals to the last spike.

A good concrete-and-asphalt highway costs $36,000 a mile—just a bare road, not counting the cost of culverts, bridges, etc.

Our railroads couldn't be duplicated today for $150,000 a mile.

They are capitalized for only $71,000 a mile—much less than their actual value. Seventy-one thousand dollars today will buy one locomotive.

English railways are capitalized at $274,000 a mile; the French at $155,000; German $132,000; even in Canada (still in pioneer development) they are capitalized at $67,000 a mile. The average for all foreign countries is $100,000.

Low capitalization and high operating efficiency have enabled American Railroads to pay the highest wages while charging the lowest rates.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

A TRUE LETTER

East Boston, Mass. The following letter may bring advice to other sufferers:

"Dr. J. F. True & Co.: Having heard that your medicine, Dr. True's Elixir, had been on the market for years and years, I thought possibly my ailments would be helped if I tried it. I have spent many dollars in trying to get a Laxative which would agree with me—be pleasant to take and yet effective. At last I have it—Dr. True's Elixir, The Family Laxative and Worm Expeller.

"For years I have had a poor appetite—any rich foods disagreed with me, and my headaches were frightful. I was troubled with tired feelings, nervous depression, weakness, spots before my eyes, bad breath, sleeplessness, irritability, dizziness and many other signs of sickness.

"I can now do a day's housework and not mind it, and your Dr. True's Elixir is always handy—I don't know of a better laxative—I give it to my children with wonderful results—it relieves them of worms."

TELLS ON THE KIDNEYS

Bethel People Have Found This To Be True.

The strain of overwork tells on weakened kidneys. The hurry and worry of business men, the heavy lifting and stooping of workmen, the women's household cares, tend to wear, weaken and injure the kidneys until they can no longer filter the poison from the blood and the whole body suffers from the waste matter that accumulates. Weakened kidneys need quick assistance. Doan's Kidney Pills are prepared especially for weakened kidneys; tired, worn-out backs—have proven their merit in thousands of such cases. Convincing proof of their worth in a Bethel citizen's statement.

S. J. Morse, retired farmer, Mechanic St., Bethel, says: "I had been suffering off and on from a dull, heavy ache across my kidneys. This trouble came on when I did very much work and I finally got so I couldn't do anything. I used Doan's Kidney Pills and I couldn't wish for anything better for they gave me almost instant relief from the headache. I keep Doan's on hand now, getting them at Bosserman's Drug Store and they always help me."

Price 60 cents, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Morse had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

at L. A. Roberts', Sunday.

Andy Barlow, the cook in Tobbein' lumber camp in Newry, was at home Saturday night.

Nearly all the children in this village have been sick the past week with the prevailing epidemic, but all are better at this writing.
